FROM THE PRESIDENT

Hello all,

2009 is rapidly passing us by and before we know it we will be wishing each other Merry Christmas and heading off on summer holidays! But before we sign off for the year, there are still a number of important NHJC events to put in your diary for 2009.

The current directors of the NHJC recognise that the organisation must regularly review the services provided in order to remain relevant to our members, sponsors and prospective directors. Following a recent review conducted by the Board, it has been suggested that a number of changes be introduced which would dramatically change the NHJC in 2010.

The board of directors agreed that the objectives of the organisation should remain the same - to provide the future business leaders of the Hunter with an opportunity to meet and greet, practise their networking skills and get some inspiring

career-tips in an environment that is both friendly and informal.

The success of the NHJC has always been as a result of active participation by its members. If anyone would like to contribute their ideas or would like to know more please do not hesitate to contact me on matt@envoylawyers.com.au
